Kustom K200 guitar with original Kustom case. Sunburst color. Purchased new in 1967 during high school and stored since 1971. The guitar front and back shows well and I would rate it as very good condition. However it is not perfect and has some minor body scratches and the body edge has some chips. If interested I will email you pictures. I am a new member and attempting to ascertain the guitar value, therefore I do not have a price listed. I would appreciate forum assistance with defining the value.

Thank you, Jerry.
