I think the section "Kustoms in the Wild" is way cool. I've not seen these pics before, and I can't wait for other Kustomheads to start submitting some.

On the "Grounded for Life" show, did they really go in to check out the Kustom? (or was it the Les Paul in the window)

According to the plot of the episode, they went in for the Les Paul, but, come on. With that many Kustoms in the shop, someone has naugas on the brain.
