Here's more info from [amprepairparts.com](#)

There are 3 different replacement reverb tanks listed for Kustom amps.

4FB2A1A replacement for K200-A (that's the one in my amp)

4FB2C1A replacement for K100-2,K100-5,K150-2,K200B5,K250-2,K250-4,K400-B5

4FB3D1A replacement for most Kustom amps from the 60's & 70's.

Which tank is the right one for the K150-8?

Thanks,

Greg.
