I have two CTS four twelve columns and three of the four have the plastic parts missing from the handles. Anyone know if these are available anywhere ?

I actually shot an email to Kustom and they got back and gave me a part number and the price was \$20 each for the complete handle.! Thanks for the reply !

The new kustom handles might be wider than the originals, so you will want to ask kustom before ordering.

No I did not measure them And really do not care much now, I just sold the PA system last friday and printed out the email from Kustom and gave it to the guy that bought it ! He can call the guy at kustom and order them. Like I said , I asked them at Kustom if those vintage handles wre available, sent pictures to make sure and this Bill O'Neil got right back and said yes they were, his phone number is 859-817-7103 you can call him tomorrow ! I went straight to Guitar Center and bought a Marshall CODE 50 and a Fender Campion 100 !!! So all in all I am a happy camper !

The newer Kustom handles are slightly off from the old ones, but when installed cover any holes.
