That's right ! I arrive in the megapolis of Indynoplace Friday afternoon around 1500. Got a room at the Ramada per Jc. Lookin forward to it all. . . .

I'm bringing my Kustom Microphone (wait'll Bud see's that) and am waffling on what kolor kat to tote along. Y'all help me now. Should it be Black ? Cascade ? Silver ? or Green ? Decision's !

AND, if'n I can correct the copy quality problem with our new Xerox Firey full color copier in my lab at the office, I'm going to start making all those full kolor katalog reproductions I promised and I'll tote those along as well.

Don T., don't forget the banner !

I'm cofirmed, and may head to Indy a day early and buy up all the extra Kustoms in the town. Any of the naughi kats will be great. I just wish your copy machine at work had a clone setting, and you could reproduce the kats in every color. Be sure to bring a color that Bud can sign. The Banner will be the first thing packed, kustom klocks, and maybe even the kombo organs. Looking forward to seeing all the gang, and hope we can get the new collectors to make the journey. Play louder and make the lights dim. Don

I'm Confirmed! I hope to bring the van filled to the brim with tuck 'n roll. Mostly black. A couple of blue items. I hope harvest will be friendly to me, so I can enjoy the get-together without worrying about stuff at home. I'm lookin' forward to drooling over some of the superb gear that I know will be coming. Plus, renewing old acquaintances (sp) including ET's Uncle Bob.
