Greetings!

I bought this as at the time it was just too cool to pass up. But since then I need the cash for other toys.

This is a 200 series bottom and 100 series top. Only one rip in the T&R worth mentioning and that is the back right corner. No cig burns. Original handles and casters.

One channel of the head is scratchy in some pots - the other is fine.

If I had to guess the history - the original owner just wanted something to play with at home and saved a few bucks getting the cheaper head. Did not need the volume.

It is too clean to gig so it stays home.

I am asking \$790. Location is Harrisburg PA though I will drive a few hours in any direction if you cover the fuel.

I will entertain a limited number of trades - we can adjust the cash one way or the other to balance. Looking for Kustom 3x15 rig - not in black, prefer red or blue. Traynor YBA2 head (25 watter), some vintage Acooustic stuff, Sunn red knob concert or coloseum heads (matters on the version).

Best,

- Ziggy -
