Need a Black 1G+1H cabinet. This is listed as a 150 series guitar cabinet Model 1G+1H (with 1x15 speaker and Altec 811 horn). Speaker, HF driver, casters, and handles not necessary. Prefer local pick-up in the Mid-Atlantic area, but would consider paying freight.

Hi! We are in Canada ... so not sure you want to pay for shipping. but we are looking to sell a Kustom Cabinet Model # 1G+1H It's in great shape and has the horn and the handles still. It's black and is just the Cabinet. From what I can find it's from around 1969. What is the value on these cabinets? We have no idea where to start since I can't seem to find any info.

Sorry, but the freight and duties from Canada would be outside my budget at this time! I would guess in absolutely mint condition with original speaker & cover a 1G+1H could draw maybe \$250? With matching Kustom 150 series amp around \$500.
