Check out Steely Dan on the Midnight Special playing My Old School. I spotted 3 metal face amps including a folded horn bass amp used by Walter Becker. See if I overlooked any. BC 8)

I watched the videos and looks like I spotted a Kustom Challenger amp on top of a Leslie cab behind Denny Dias.

Yup, the bass amp is a K 250 with the 18" folded cab, then just to the right of the Piano is a K250-2 on top of a 4-12" cab.
